Equal Opportunities

WHS Plastics shall base employee related decisions upon merit, qualifications and other professional criteria.

The UK Government's new Gender Pay Gap legislation requires that all companies in Great Britain with more than 250 employees publish their gender pay gap on an annual basis. In the spirit of the legislation, WHS Plastics has voluntarily published data for all businesses in our group.

Given the nature of our industry which is manufacturing and engineering, sadly historically less women have been attracted to careers in this sector and our Gender Pay Gap data reflects this. WHS Plastics is working with schools, colleges and universities to encourage more females to pursue careers in this exciting sector. We are pleased to see more women progressing within our business through our development initiatives.

DECLARATION

I confirm that the information and data reported is accurate and meets the requirements of The Equality Act 2010 (Gender Pay Gap Information) Regulations 2017.
